

KIDS' PAGE

The alphabet for the **Rotokas** language of Papua New Guinea is one of the smallest in the world—only 12 letters!

A E G I K O P R S T U V

How many words can you make from their alphabet? Examples: rope, ape

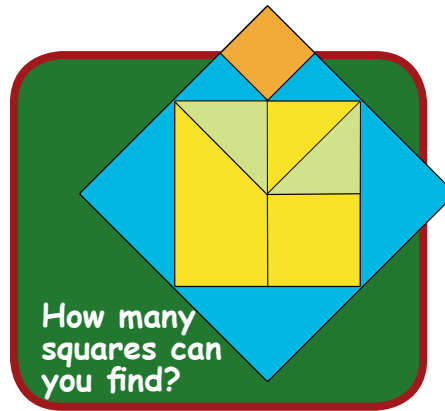

Compassion in Action

-  Many children in the world do not have enough to eat. You can show compassion by donating food to a local food bank.
-  Finding clean water is a problem for many around the world. Be thankful for your abundant, clean water supply.
-  Pray for many children in Africa, and in other countries, who have lost their parents to illness.
-  Some children have to live temporarily away from their homes. Collect games and toys for your local women's shelter and, if you can, stay and play with children living there.

COLOSSIANS 3:12 says we are to clothe ourselves with certain characteristics. Discover what they are by unscrambling the words on the photo.

How many squares can you find?

Answers to Puzzles
 Colossians Puzzle: compassion, kindness, humility, gentleness, patience
 Squares Puzzle: six

Fun Goop

1 cup Elmer's glue
 food coloring
 1 cup liquid starch
 (found in laundry aisle)

Pour glue and coloring into plastic container. Add liquid starch a little at a time, stirring with a spoon until mixture holds together. Add more starch until smooth and rubbery. Then play with it—the more you play, the better it gets. Keep in a small food storage bag to keep it from drying out.

GROW in Compassion
