...and plug into God’s heartbeat for the nations in our simulated village setting. Expand your worldview and understanding of missions. Explore the cause and impact of Bible translation. Explode the barriers that keep you from engaging more deeply in missions.

**CrossVenture Edge** *(six nights; minimum age 12)*

Edge, a six-night program, provides an opportunity to discover missions through experiential activities on culture and language. Participants learn the basics of Bible story crafting that can be used in their own communities and cross culturally.

**CrossVenture Explore** *(two nights)*

Explore is a two-night program available on weekends or during the week for those looking to build and strengthen their heart for doing cross-cultural missions. You will dig into the core truths of God’s mission and explore deeper commitments to that mission. We offer three Explore options.

- **Explore 101** *(minimum age 8)*
  Participants gain a basic, foundational understanding of God’s mission to the nations. Unplugging from the grid for 36-48 hours will allow you to grow in Biblical understanding and be personally challenged to step out of your comfort zone. You will interact with ordinary people serving in many ordinary roles who have had extraordinary experiences serving God’s kingdom around the world.

- **Explore 102** *(minimum age 15)*
  As a starting point for mission teams planning short-term, cross-cultural trips, participants learn from experienced missionaries how to effectively engage across cultures. Groups will grow as a team while exploring tough issues faced when going overseas.

- **Custom**
  You can customize your experience by bringing your own mission preparation curriculum for use in our outdoor setting. Requisite to each Custom Explore is a session for us to present Bible translation and JAARS role in missions to your group.

**CrossVenture Encounter** *(2-4 hours; minimum age 6)*

Kick-start mission awareness in a setting away from worldly distractions. During Encounter, you can make arrangements for an ethnic meal for your group or bring your own food to cook over an open fire. Hear missionaries’ stories and explore God’s Word in the intimate setting of a campfire.
