

Prayerline Ongoing Prayer Requests

Thank you for lifting up these daily requests to the Lord throughout the coming weeks!

Sundays: Senior Leadership Team

Pray for the spiritual health of our JAARS Senior Leadership Team, that they may have wisdom from the Lord, unity of the Spirit, and boldness of faith:

- Steve Russell, President/CEO
- Brian Anders, Vice President of Personnel Operations
- Steve Biggerstaff, Vice President of Advancement
- Johannes Rehm, Vice President of Global Operations
- Craig Russell, Vice President of Air, Land, & Sea Operations/Senior VP
- Denise Shockley, Vice President of Financial Operations/CFO
- Stephen Sweeney, Chief of Staff
- Quinn Varnado, Vice President of Marketing & Future Operations
- Craig Whaley, Vice President of Research & Development and Engineering Operations

Mondays: Base Ops

Pray for the transitions taking place at the JAARS Base in Waxhaw, North Carolina, to increase our ability to train, deploy, and support the next generation of missionary pilots, mechanics, and technicians. There are new and restructured divisions, departments, and staff at every level. Pray we will build cohesive cross-functional teams with agile minds and willing hearts as we learn new ways to work together.

Tuesdays: Global Ops

Pray for our Global Operations team as they interact with political leaders and non-government organizations to open new fields within the dense rainforests of South America, Africa, and Melanesia. Strategically placed transportation hubs would supply vital personnel, equipment, and resources to begin mission work in currently unreached areas of the world. Pray, too, that God would raise up many gospel patrons who will give generously out of their abundance to advance God's kingdom.

Wednesday: Air Ops

Pray for the maintenance needs of our fleet of aircraft; the pilots, mechanics, and avionics technicians who need our specialized training; and for the acquisition of qualified staff. Also pray for effective collaboration with our mission aviation partners around the globe.

Thursday: Land Ops

Pray for the 4WD vehicles and motorcycles that we provide our mission organization partners worldwide, along with operational and maintenance training for their personnel.

Friday: Sea Ops

Pray for the maintenance needs of the *Kwadima II* and for the specialized river vessels and operational training we provide our mission partners in Africa and South America. Pray also for the life-saving water safety equipment and training we provide to their personnel.

Saturday: Next Generation

Ask God to raise up the next generation of missionary pilots, mechanics, technicians, and other support staff to open doors in the last unreached areas of the world. Pray for our recruiting team, as well as our aviation and technical staff who will draw on decades of field experience as they invest in training the next generation. Ask for wisdom and creativity as we develop new programs to more quickly train and deploy those whom God is calling to serve in this vital kingdom work.
